

GROUP VOLUNTEERING PROGRAMME OVERVIEW 2017

'BUILDING TEAMS : BUILDING COMMUNITIES'

"Group volunteering allows people to get together to do something in the community. Volunteering Canterbury will make it happen for your group! Ask us for the latest project list; tell us how many in your team, what you want to do and when you want to do it. We will put it all together. For businesses, group volunteering provides an opportunity for employees to connect with the community within working hours – boosting the business's profile - and at the same time providing a unique team-building experience. Send us some pics from the day and we will spread the word about what YOUR team is doing in the community. It's a win/win!"

Glenda Martin, Outreach & Marketing Manager; outreach@volcan.org.nz

Teams (totalling 710 people) included:

Here's who benefitted (a total of 2,926 hours contributed):
