## Make Your Mahi Have Meaning

### GROUP VOLUNTEERING PROGRAMME OVERVIEW 2023

#### *'BUILDING TEAMS : BUILDING COMMUNITIES'*

*"Group volunteering provides an opportunity for new experiences – an opportunity to challenge assumptions, become alert to new ideas, orient to what ideas mean for those volunteering personally, and take action towards new behaviours rooted in inclusivity, compassion, and empathy – resulting in better employees, better individuals, better communities. Tell us how many in your team, what you want to do and when you want to do it. We will put it together."*
